

## BESLUX BLANCO CADENAS

SPECIAL SPRAY FOR CHAINS LUBRICATION NSF H-1

Nonfood Compounds  
Program Listed H1  
(Registration # 134357 )

### DESCRIPTION

**BESLUX BLANCO CADENAS** is a white grease in spray package, very adhesive and white food grade.

Contains food grade synthetic fluids and solid lubricants the most significant of which is the food grade PTFE . Contains 4% weight of PTFE in the concentrate product.

### APPLICATIONS

Lubrication of any type of chains and others mechanisms in that industry where usual products cannot be use due to the contamination or staining risks.

Specially intended for safe and easy lubrication of chain slides, joints, small bearings etc. in the food industry.

It is also suitable in the textile, paper, graphic arts, plastic, tobacco, lifts industry, etc and in those mechanisms drive by small and medium chains, slides of injection moulds etc.

### PROPERTIES

- Efficient lubrication of the major working points (bolts, bushings etc.)
- External protection.
- Interior lubrication. Very good penetration.
- Water resistant.
- High temperatures resistant.
- Keeps the chain free of dust and dirt.
- Avoids seizing and wear.
- Economical.

- Improves the chain life.
- Clean.
- Does not contaminate.
- Food grade. NSF H-1 Class (previously USDA H-1), Registration nº 134357.
- Meets all requirements and is listed in the US F.D.A. approved list of lubricants with incidental contact with food.

### WAY OF USE

- Shake very well before use.
- Keep the can vertically for use and storage
- Spray over the surface from 30 cm distance.
- The only one application it's sufficient for the efficacious protection.
- After using, to avoid plugging of nozzle, place upside down and press nozzle till the complete gas exhaust.

### CAUTIONS

- The usual ones when handling spray lubricants.
- Protect eyes efficiently and avoid inhalation.
- Do not smoke during usage.
- Can under pressure. Do neither penetrate nor expose to heat or flame even when empty.
- There is available the MSDS of the product according to the effective European normative.

### PACKING

520 ml spray can, packed in a 12 units carton-box
