

# Heavy Duty Series

Y418005-Y418010-Y418025

## Main features

- Housing revolves 360°
- Operate vertically, horizontally and upside down

Huge power from top to toe!

## Toe Jacks

Toe jacks allow you to lift heavy machinery and equipment with a minimum of ground clearance. Since there are lifting points on both the toe and the top of the jack, they are the perfect complement to our range of HD bottle jacks.

All models are equipped with chromed rams/pistons and overload valves.

Model	Height (mm)	Width (mm)	Depth (mm)		
Y418005	368/573	320	140	5 T	26
Y418010	420/650	325	170	10 T	36
Y418025	505/720	420	283	25 T	109

In compliance with NEN-EN 1494:2001+A1:2008
