HD-series Tire Service

Tire and wheel cart

HDY471147 (N.W. 17 kg / Capacity 200kg)

Finally there's a product that really does the job !!!! This long life, light weight, high capacity cart allows the tire fitter to maneuver heavy wheel sets in the most ergonomic way with the help of its **patented tilting system**. The unique push-slide-secure automatic locking system eliminates the need for inefficient, wear sensitive, foot operated - or hand controlled jaws. The light yellow colored foam filled tires are maintenance free and leave no traces on the work shop floor. The wheels run on industrial bearings. The cart has been developed in partnership with some of Europe's leading tire service chains. It comes in powdercoated steel (robotic welding) with high strength components and an exceptional 3 year warranty period. With just 20kg this lightweight cart handles wheels from 14" - 20" up to 200kg.

Wheel dolly

HDY471105 (N.W. 15 kg / Capacity 220kg)

This industrial quality wheel dolly increases productivity in the shop by offering a fast & efficient way to remove the tire/wheel assembly. Its ergonomic design helps to reduce workplace back strain injuries. The rollers can be installed in 3 positions depending on the wheel size. The roller bearings are of Japanese origin. The rubber wheels have an all new and unique steel core providing optimal life time performance.
