Materials:

Standard Series: free-cutting steel to 9SMnPb28K, 12L13, tensile strength 550 to 700 N/mm²
Surface: zinc plated and chromated, on request: blanc, oiled or phosphated and oiled

On request: stainless series, stainless steel to 1.4305, Aisi 303
ES-Bolt not in stainless steel available

Ordering Details:

Fork Head: e.g. Form G with bore size **d1** = 12mm, split length **g** = 24mm:
Fork Head DIN 71752-G12x24

Fork Ball Joint: e.g. Fork Ball Joint with Cotter Bolt, with bore size **d1** = 12mm, split length **g** = 24mm:
Fork Ball Joint DIN 71751-A12x24

e.g. **Left Hand Thread: DIN 71752-G12x24LH** and **DIN 71751-A12x24LH**
