 made
in
Germany

WEICON GmbH & Co. KG has been manufacturing speciality products for industry since 1947. The company's product range includes special adhesives and sealants, technical sprays and high-performance assembly pastes and greases for all areas of industry - from production and maintenance through to repair. Another area of business is the development and sale of stripping tools under the brand name WEICON TOOLS. The range of tools now covers more than 25 different types of cable strippers, wire strippers and special tools, which provide a valuable service every day to both trade and industry users.

The company's headquarters are located in the Westphalian city of Münster. WEICON also has branches in Dubai, Canada, Turkey, Rumania and in South Africa and is represented worldwide by employees in more than 70 countries.

From the beginnings to the present day

History

WEICON TOOLS

In 1967 an electrical engineer from Westphalia invented a Cable Stripper for stripping electrical cables. The inventor was looking for a sales channel for his knives and started a cooperation with Gerd Weidling, Managing Director of the company Weidling & Sohn; the current WEICON GmbH & Co. KG from Münster.

Launch at the Hannover Trade Fair 1967

The two managing directors took some hand samples of the knives to the Hannover Trade Fair to present them to trade visitors. With these individual pieces, both partners immediately managed to acquire orders for more than 3000 Cable Strippers during the course of the exhibition.

The tool manufacturer took over production and WEICON developed the global sales channels for the Cable Strippers during the subsequent period.

Impressive growth rates

Turnover grew continuously. Almost 4000 Cable Strippers were sold in 1967. In the next year, 1968, sales already reached more than 34,000 units. In the year 1969 the first wire stripper, No. 8., was added to the range and was sold more than 51,000 times straightaway. The sales figures grew continually in the following years and in 1987 the turnover reached more than 300,000 knives and 100,000 strippers per year.

The successful cooperation between the two companies lasted 20 years in total. In 1987 the patents for the knives expired and, as a result, replica products from Asia and Italy entered the market.

After expiry of the patents, the former partners went separate ways and WEICON started a cooperation in the tool sector with the company Franz Krampe from Ascheberg-Herbern, which still continues today. This cooperation is distinguished by innovations in the area of tool technology, has resulted in numerous patents and awards for the products and always allows new ideas and further developments to be incorporated in new tools.

WEICON tools are now known throughout the world thanks to the good cooperation between WEICON and the company Krampe.

The range of tools now covers more than 25 different types of cable strippers, wire strippers and special tools, which provide a valuable service to users throughout the world in their daily work.

Die neue Generation der Kabelmesser aus hochfester, synthetischer Glasfaser.

Sicher in der Anwendung und kompakt in der Bauweise.

- Präzises, schnelles und sicheres Abmanteln aller gängigen Rundkabel von 4-28 mm ø.
- Stufenlose Einstellung der Schnitttiefe mittels Verstellrad. Dadurch ist eine Beschädigung der inneren Leiter ausgeschlossen.
- Automatische Umstellung von Rund- auf Längsschnitt durch selbsttätiges Schneidenmesser.
- Höchste Qualität (TUV und CE geprüft).
- 3 Modelle mit verschiedenen Zusatzfunktionen lieferbar:

Zusatzfunktion Abisolieren:

Für alle gängigen flexiblen und massiven Leiter mit den folgenden Leiterquerschnitten:
0,5 mm², 0,75 mm², 1,0 mm², 2,5 mm², 4,0 mm² und 6,0 mm²

Quality "Made in Germany" **WEICON and Krampe**

We have been working on the development and manufacture of our high quality stripping tools together with the company Krampe from Ascheberg-Herbern near Münster since 1990.

The Westphalian family business, managed by the second generation of the Krampe family, greatly values continuity, reliability and the highest quality.

The products are fully manufactured on-site, going against the trend of globalisation.

Everything from a single source

From the idea, initial drafts and drawings, sampling, tests and mould construction through to production, final assembly and quality testing - everything comes from one source.

"This is the only way we can guarantee the consistently high quality of our tools," says company founder Franz Krampe. And he is supported by a team of highly qualified specialists.

"We are very pleased to have had a very reliable and innovative partner in the company Krampe for many years. We are planning to intensify our past cooperation in future to further strengthen and develop our market position," says Ralph Weidling, Managing Director of WEICON GmbH & Co. KG.

In 1990 we started the cooperation with wire stripper No. 5, which today still represents an important component of the constantly expanded product range of our WEICON TOOLS. Developments from the company Krampe are always up-to-date with the current status of technology and quickly track down trends that provide the decisive ideas for the design of new tools.

WEICON

Starter Set Pro

Art. No. 52880001

The basic equipment for tradesmen in the following areas:

- **Electrics**
- **Heating**
- **Customer service**
- **Home and hobby**

Germany

Cable Stripper No. S 4 - 28 (page 11)

Wire Stripper No. 5 (page 16)

Round Cable Stripper No. 13 (page 20)

Coax-Stripper No. 2 (page 21)

The perfect range of tools - for job starters and professionals.

All standard cable types can easily be stripped and dismantled with the four tools in the set.

Gerold Specking
Product Manager WEICON TOOLS

Cable Strippers

WEICON TOOLS Cable Strippers were developed for reliable, precise, safe and quick stripping of many different cable types.

The knives meet the maximum quality requirements and are suitable for use both in craft and industry.

Our Cable Strippers are registered under patent EU.Pat.no. 1117163 for the working range of 4 - 28 mm.

Cable Stripper S 4 - 28

- *Completely ergonomic & fully insulated*
- *Progressive regulation and easy to operate adjusting wheel*
- *Precise, quick and safe stripping*

The new generation of Cable Strippers made of high strength, fibreglass reinforced plastic. Safe to use and compact in design.

The Cable Stripper series S 4 - 28 allows precise, quick and safe stripping of all standard round cables with a diameter between 4 and 28 millimetres. The cutting depth of the blade can be progressively adjusted with the help of an adjusting wheel in the housing.

This prevents damage to the conductor inside. The cutting blade is integrated in the housing to rotate automatically and therefore allows an automatic changeover between circular and longitudinal cuts.

Working range
4 - 28 mm Ø

EU.Pat.no. 07114242.6

Our S 4 - 28 range is certainly something special. There are no other comparable tools on the market. The right Cable Stripper can be found for almost any application area due to the different types.

The tool lies perfectly in the hand due to the extraordinary shape. Furthermore, the retractable blade of the S 4 - 28 is a milestone in the area of safety at work.

Josef Bornemann, master electrician
WEICON TOOLS sales management

Cable Stripper

No. S 4 - 28

**Safe due to
retractable hook blade**

- The blade can be locked in both positions

mm	g	mm ²	Ømm	Art. No.

150	69	-	4 - 28	50056328

* The conformity symbol confirms compliance with the valid directives. The EMC directive (2004/108/EG) with norm EN 61326 is complied with.
Norm EN 61010-1 is complied with.

Cable Strippers

- *Large handle diameter for optimum haptics*
- *Progressive regulation and easy to operate adjusting screw*
- *Precise, quick and safe stripping*
- *Quick change of the inner blade with a bayonet fitting*

Precise, quick and safe stripping of all standard round cables with 4 - 50 mm Ø. The Cable Stripper has an ergonomically shaped, anti-slip handle.

The cutting depth of the blade can be progressively adjusted with the help of a adjusting screw on the end of the handle. This prevents damage to the conductor inside. The cutting blade is integrated in the housing to rotate automatically and therefore allows an automatic changeover between circular and longitudinal cuts.

A protective cap is available for the cable stripper with blade, which engages securely onto the blade, thus substantially reducing the risk of injuries.

- ① Setting screw
- ② Inner blade
- ③ Bracket with or without blade
- ④ POM part
- ⑤ Cap (on Cable Stripper with blade)
- ⑥ Outer casing with anti-slip 2-component handle
- ⑦ Closure cap

Wire Strippers

Automatic wire stripper for all common stranded and solid conductors.

A scanning system adjusts automatically to the respective wire diameter, and thus permits fast and simple dismantling and stripping.

Wire Stripper

No. 5

Saves space by locking the wire stripper

- Automatic Wire Stripper
- Precise work with adjustable length stop (5 - 12 mm)
- Integrated, well accessible side cutter up to 2 mm Ø

mm	g	mm²	Ømm	Art. No.
170	107	0.2 - 6 (24 - 10 AWG)	-	51000005

Wire Stripper

No. 6

Working under voltage up to 1000 Volt*

Unit testing according to VDE regulation IEC 60900

- Fully insulated, automatic Wire Stripper
- Precise work with adjustable length stop (5 - 12 mm)
- Saves space by locking the strippers

mm	g	mm²	Ømm	Art. No.
170	105	0.2 - 6 (24 - 10 AWG)	-	51000006

1000 V
IEC: 60900

* Tools with safety insulation are basic prerequisites for working on equipment under voltage. Please always pay attention to the legal regulations and follow the corresponding safety advice!

Wire Stripper

No. 7 Magic

The all-rounder for stripping and dismantling

Pat.no. EP 1 671 407 B1

- For many different cables types in building installation
- Precise work with optical length scale
- Integrated, well accessible side cutter up to 3 mm Ø

mm	g	Round cables	mm ²	Art. No.
170	217	Flexible Solid	0.5 - 16 (20 - 6 AWG) 0.5 - 10 (20 - 8 AWG)	51000007

Wire Stripper

No. 7-F

Stripping and dismantling of all standard flat cables

Pat.no. EP 1 671 407 B1

- Precise work with optical length scale
- Integrated, well accessible side cutter up to 3 mm Ø

mm	g	Flat cables	mm ²	Art. No.
170	220	Flat cables	0.75 - 4 (18 - 11 AWG)	51001007

Dismantling Tools

WEICON TOOLS Dismantling Tools allow a range of different cables to be safely and conveniently stripped.

The flexible tools can even be reliably used in hard-to-reach areas and always provide precise results.

Round Cable Stripper

No. 13

Safe work with the ergonomic anti-slip handle shape

- For all standard round cables
- Flush stripping, even in hard-to-reach areas
- It is not necessary to adjust the cutting depth

mm	g	mm ²	Ømm	Art. No.
120	44	-	8 - 13	52000013

No. 13 is particularly good in handling due to its design. The distinctive handle ensures that the tool lies safely in the hand and that you don't slip off.

This makes every day work easier and also increases safety.

Stephan Krampe, Managing Director
Krampe GmbH & Co.KG

Coax-Stripper

No. 2

Good handling due to ergonomic design

- Two-level stripping of all common coaxial cables
- There is no need to adjust the cutting depth
- Also suitable for flexible cables
- Length scale (0 - 17 mm) integrated in the housing*

mm	g	mm ²	Ømm	Art. No.
110	28	-	4.8 - 7.5	52000002

Combi-Coax

No. 3

Parallel blade arrangement allows even faster stripping

- Allows two- or three-level stripping of all common coaxial cables
- Also suitable for flexible cables
- Integrated and well accessible side cutter up to 8 mm Ø

mm	g	mm ²	Ømm	Art. No.
125	55	-	4.8 - 7.5	52000003

Multi-purpose Strippers

WEICON TOOLS Multi-purpose Strippers provide various functions: circular and longitudinal stripping, dismantling and cutting.

Allows professional dismantling and stripping with just one tool.

 made
in
Germany

Data-Strip No. 30

Inner blade can be set to the insulation thickness

- Removal of the outer insulation on data cables
- Stripping of conductors and stranded wires e.g. telephone lines
- Precise stripping with adjustable length stop (3.5 - 14 mm)
- Integrated, well accessible side cutter up to 8 mm Ø

mm	g	mm ²	Ømm	Art. No.
125	60	0.05 - 0.5 (0.2 - 0.8 Ø) (30 - 20 AWG)	4 - 10	52000030

My employees and I have been working with Cable Strippers and special tools from WEICON TOOLS for years now.

Premium quality, reliability and quick delivery - WEICON TOOLS are our top choice for tools.

Frank König
Master electrician

Stripper No. 100

Universal tool for dismantling and stripping

- For many different cable types in building installation
- Flush stripping on ceilings and walls
- Allows circular and longitudinal stripping

mm	g	mm ²	Ømm	Art. No.
140	74	0.5 - 16 (20 - 6 AWG)	4 - 13	51000100

Multi-Stripper No. 400

Multifunctional with 4 functions

- Circular cutting - longitudinal cutting - stripping - cutting
- Flush stripping, even in hard-to-reach areas
- Safe and space saving storage with closing clip

mm	g	mm ²	Ømm	Art. No.
155	79	0.5 - 6 (20 - 10 AWG)	8 - 13	51000400

Mini-Duo
No. 150

Automatic Wire Stripper

- Allows quick and accurate stripping
- Precise work with integrated length scale
- Easily accessible built-in side cutter for cables up to 6 mm²

mm	g	mm ²	Ømm	Art. No.
160	112	0.5 - 6 (20 - 10 AWG)	-	51000150

Duo-Stripper
No. 200

Professional dismantling and stripping

- Quick and simple stripping from 0.5 mm² to 6.0 mm²
- Dismantling: Working range 4 - 28 mm Ø
- Spare blade in the handle case

mm	g	mm ²	Ømm	Art. No.
160	123	0.5 - 6 (20 - 10 AWG)	4 - 28	51000200

Duo-Crimp No. 300

Stripping and crimping with just one tool

- Insulation removal from 0.5 mm² to 6.0 mm²
- Two crimping ranges are offered (0.5 - 2.5 mm² and 4.0 - 6.0 mm²) according to DIN 46228-2
- Integrated, well accessible side cutter up to 6 mm

mm	g	mm ²	Ømm	Art. No.
160	116	0.5 - 6 (20 - 10 AWG)	-	51000300

STRIPPING + CRIMPING

Tools for solar industry

Special tools No. 7 Solar and Mini-Solar No. 3 are suitable for dismantling and stripping of all common cable types in the area of photovoltaic.

Mini-Solar

No. 3

- Quick stripping of all common solar cables with outer diameters from 1.5 mm² to 6 mm²
- Precise work with adjustable length stop (6 - 28 mm)
- Integrated, well accessible side cutter up to 4 mm²

mm	g	mm ²	Ømm	Art. No.
125	58	1.5 - 6 (15 - 9 AWG)	-	52002003

Special tools for dismantling and stripping of all common cables in the solar sector

Wire Stripper

No. 7 Solar

- Automatic Wire Stripper
- Precise work with optical length scale (up to 26 mm)
- Integrated, well accessible side cutter up to 3 mm Ø

mm	g	mm ²	Art. No.
170	218	Solar cable 1.5 - 6 (15 - 9 AWG)	51002007

Cable Stripper

H.D. No. 1000

1000 V
IEC: 60900

**Working under voltage
up to 1000 Volt***

Unit testing according to VDE regulation IEC 60900

- Quick cutting of multiple insulated cables
- Conductor protection with the curved blade tip
- Good transfer of force due to optimised handle shape

mm	g	Art. No.
215	93	51001000

* Tools with safety insulation are basic prerequisites for working on equipment under voltage. Please always pay attention to the legal regulations and follow the corresponding safety advice!

Dismantling Tool

No. 25

For convenient longitudinal and circular cuts

- Safe work with the concealed blade
- Conductor protection with the curved blade tip

WEICON TOOLS® cable overview

The cable types shown in this overview only serve as orientation with respect to the possible application areas of our tools. Of course WEICON TOOLS can also be used on similar cable types in many cases. Furthermore, the application suggestions depend on the material, application area and working range. Our tool recommendation is only a suggestion due to the various materials used by cable manufacturers.
