NEW!

Gaither's Bead Bazooka®

Time is money! Especially in the tire industry! It's efficient work that brings the profit. With our Bead Bazooka® the frustration of hard to inflate tires will no longer exist.

Gaither's patented Bead Bazooka® combines unique rapid air release technology and easy-to-handle tank for seating tubeless tire beads. Simply fill the tank, aim the redesigned double barrel and FIRE! The instantaneous blast of air from the 6L, 9L or 12L tank will work on agricultural, truck (including super singles), passenger, motorcycle and most other tires.

BEAD BAZOOKA® BB6L

PATENT PENDING

- Patented design, RAR system (fully automatic - just press and fire!)
- "Slotted" double barrel directs the air for best overall lift
- Fully TÜV and CE certified
- Smaller tank for easier handling in shop and service truck
- Lightweight design reduces stress on technician
- Goggles and earplugs included
- Hook for easy storage

BEAD BAZOOKA® BB9L

PATENT PENDING

- Specifications BB6L*:**
- For motorcycle, car, commercial light vehicles
 - Volume: 6l and 10 bar pressure
 - Weight: 5,5kg

- Specifications BB9L*:**
- For car, commercial light vehicles, truck (wide base)
 - Volume: 9l and 10 bar pressure
 - Weight: 6,5kg

BEAD BAZOOKA® BB12L

PATENT PENDING

- Specifications BB12L*:**
- For commercial light vehicles, light truck, truck and agricultural tires
 - 2" slotted barrel or optional 2" jet assisted barrel
 - Volume 12l and 10 bar pressure
 - Weight: 9,5 kg

* not available in the US and Canada.

BEAD BAZOOKA® BB38L

PATENT PENDING

- Specifications GB-38L*:**
- For truck and agricultural tires
 - CE certified tank
 - 2" Jet Assisted Barrel
 - Volume 38l and 10 bar pressure
 - Weight: 8,5 kg

* not available in the US and Canada.

gaithertool.com

12880E

The famous, all-in-one tool solution for tire mounting and demounting without damaging the tire bead. Cost friendly, easy to learn and does not require a lot of physical strength because it works on principals of leverage.

Over 250,000 satisfied users worldwide including service departments, individual owner/operators, defense departments, and general workshops.

Also recommended by Michelin training centers. Suitable for tubeless truck tires from 17,5" up to 24,5" including super singles and low profile tires.

GT10-6 CLICK'N'GO VALVE TOOL

- Set of 4
- Anchoring system
- Safe and fast (de)installation

12961
Premium Truck tire mounting paste 4kg.

GTM

Tire Mop used for applying lubricant to the tire bead and wheel flange.

12904

Gaither's Super Slick'em. The original. Unmatched in terms of effectiveness for mounting and demounting. A non-water based lubricant that will not cause rust and will not freeze.

12894C

Heavy bead keeper used to assist in the tire-mounting process. Rubber coated to protect from scratching rims.

12894

Same as 12894C but without coating.

GT0-01TB

Patented tool designed to make it easier and safer to install wheels back on their studs.

GT12-1EU MANUAL BALANCER. Cost & maintenance-friendly balancing with Gaither!

GTS-036

Universal clamp available as option. Suitable for 22,5" wheels.

Included

Included

GT12-1EU

Get the mobility, speed, precision and convenience you need - without the necessity to invest massively.

Gaither's GT12-1EU hand spin balancer (Truck/Car) is perfect for the shop that needs a portable, easy to move balancer. No lift is required - simply roll the balancer into position and crank it up with the lift handle. You'll effortlessly lift even the heaviest super single wheel.

With several programs for standard and aluminum wheels pre-installed, combined with a wide range of accessories and cones, this all new GT121EU allows you to quickly and easily balance almost any rim type.

Cone set:

44/74, 72/131, 122/174, 170/235, 275/284mm.

Max Ø of wheel: 1200mm
Rim sizes: 13" - 24"
Rim width: 4" - 13"

Shaft: 40mm
Max wheel weight: 200kg
Weight: 162 kg

230V/50Hz
Integrated manual lift
Static and dynamic balancing

RDB20A - MAX 20T

German made versatile balloon jack to be positioned under chassis or wheel.

- Quick detach handle
- Wheeled chassis
- 5Y WARRANTY
- Min 100mm
- Max 400mm

GTABB01

Gaither's patented pneumatic bead breaker is recommended for agricultural tires and most of the common truck tires as long as one properly lubricates the bead area prior to breaking. This light weight tool with air regulator is extremely fast and easy to use without risking bead damage. The tool comes with a blow case and requires a minimum of 6 Bars completed with 115 L/M.

12026B

Heavy Duty slide hammer bead breaker 13kg.

BV-04

Gaither's Bead Vice offers a simple but efficient way to break tire beads loose on hump (EVA) wheels when used in combination with Super Slick'em.

BV-A3

Adaptor bridge for BV-04 allows the user to break the bead past the hump on the any side of the Wheel.
